SATURDAY

WATER STATIONS

Duties include setting up and managing your assigned station: arrange tables and cups, replenish water and other nourishment as available, pick up and properly dispose of empty cups, and encourage and cheer on participants.

We're looking for individuals or groups of musicians, roving performers, and more who have a proven track record of engaging, interactive public performances. Each group chosen to participate will be designated a performance area along our 26.2-mile course. Bands, specialty acts, singers, actors, kazoo players, drum lines, choirs, cheer squads, belly dancers, clowns, etc... Sign up today!!!

CHEER STATIONS

Spectator support is an important element of the race experience for our participants. We welcome unique cheer station ideas for groups of all sizes. Art cars and other types of eye-catching cheer zones are ideal! You will be able to "brand" your cheer station - within reason.
