As participants are picked up, they will be taken back to the finish area as time and other factors permit.

**AID STATIONS** All aid stations will provide water, medical personnel, and restroom facilities.

There will be 19 aid stations along the marathon course; 10 of these stations will provide Nuun (every other station beginning at the first station), three stations will provide GU Energy Gels (Mile 10.5, 15.6, and 21.8), two stations will provide other energizing snacks (Mile 17.9 and 21.8). The 5K course will have 1 aid station located between Mile 1 and 2.

**RESTROOM FACILITIES** Port-o-lets are available at the start and finish lines and each aid station along the course. We ask that you please be kind and courteous to the Indianapolis residents and neighborhoods.

**POST-RACE SHOWERS** Post-race showers will be available at the Irsay Family YMCA at CityWay at 430 S. Alabama St. and the YMCA at the Athenaeum located at 401 E. Michigan St. Just show your finisher's medal or race bib. NOTE: You will need to provide your own towel(s).

## IMPORTANT RACE INFO

**IMPORTANT:** It is recommended that participants write any medical conditions, medications, allergies, and emergency contacts on the backside of their race bib. Participants must wear their race bib at all times during the event.

**WEATHER POLICY** The race will go on, rain or shine! Extreme weather (lightning, high winds, snow, ice, extreme temperature, etc.) could cancel the race. There are also instances of other emergency situations (power outages, city-wide alerts, etc.) that could affect the start/cancellation/continuance of the races. In case of delay or cancellation, immediate notification will be made through Beyond Monumental channels: Facebook (Facebook.com/MonumentalMarathon), Twitter (@IndyMonumental), our website (MonumentalMarathon.com), and the Beyond Monumental App. If extreme weather or another emergency situation becomes an issue, the Command Group will meet and determine the status/future of the event. The event may be delayed or canceled depending on the situation. Participants will be notified along the course by course monitors, marshals, and race officials. Participants will be required to use their best judgment, based on the situation, as to the next best course of action.

Should the event be canceled due to extreme weather or other emergency, there will be no refunds or transfers.

**FULL AND HALF MARATHON START WAVES** The CNO Financial Indianapolis Monumental Marathon and Half Marathon use a wave start. The start will be broken into five separate waves (A through E) of half marathon and marathon participants, based on pace per mile provided during registration. Participants waves will be indicated on race bibs. Participants will be asked to line up with their pre-assigned wave. Visit the Wave Change Station at the Monumental Health & Fitness Expo with any questions regarding wave changes. The event is chip timed so official times will remain unaffected - participants' times do not begin until they cross the start line timing mats.

**5K START** The CNO Financial Indianapolis Monumental Marathon 5K participants will line up for the 8:35 a.m. start after all full and half marathon participants have cleared the start line. We recommend arriving at the start area no later than 8:25 a.m.

**FINISH LINE** Crossing the finish line is a great feeling, and now it's time for participants to relax and enjoy their accomplishment! Once participants clear the finish line timing mats, they will immediately see race personnel. Participants should seek assistance from race personnel or medical staff if they need help. Participants will be awarded with their finisher's medal in the finish chute, along with an array of food and refreshments. Visit our finish line vendors, view results, and hang out at the Post Race Celebration. Remember to pick up items at Gear Check!

**TIMING AND SCORING** The Marathon, Half Marathon, and 5K will be timed using the MYLAPS timing system. Each participant will be given a disposable timing device that will be attached to the backside of their bib.

**PLEASE DO NOT REMOVE THIS DEVICE!** It is not necessary to activate the timing device; it will be ready when participants receive it.

## RACE MEDAL SERIES & INDYTHON

The medal series wraps up this year with the letter “Y” to finish the elusive I-N-D-Y at the completion of the series. Each medal features a high-quality, 3D image of an iconic Indianapolis landmark. The horizontal case will allow participants to keep their ribbons on their medals! The square display case will feature medals that fit the shape modeled after the City of Indianapolis flag! This means that if participants are missing a medal from 2014, 2015, 2016, or 2017 but want to finish the “flag” series, they can fill in their missing piece by earning a 2018, 2019, 2021 or 2022 medal. **Cases can be purchased online during registration, through your BEYOND MONUMENTAL Participant Account, at MONUMENTALGEAR.COM and at the Monumental Health & Fitness Expo.**

INDYTHON unites the Beyond Monumental’s annual events; the Indianapolis Monumental Mile, the Indy Half Marathon at Fort Ben and the CNO Financial Indianapolis Monumental Marathon, Half Marathon and 5K. First time participants earn an INDYTHON medal and corresponding distance charm by finishing events at both races. Returning participants earn more INDYTHON charms for distances conquered each year.
